Public Email Lists

We have two lists to which you can subscribe:

sosfbay-news to keep you informed of events and important notices. This is a low volume, one-way broadcast list without two-way discussions.

sosfbay-discuss for two-way discussions on topics of interest to Greens in the South SF Bay area.

To subscribe to either list, go to www.cagreens.org/sclara/ and click on the Email Lists link.

We have a meeting the first Tuesday of each month in Sunnyvale. See our web site for details... and come join us.

THE GREEN PARTY

The **Green Party of California** achieved ballot status in 1992 and has had steady growth ever since then. Our mission is to build a viable political alternative in California. We are renewing democracy without the support of corporate donors. Our support comes from thousands of volunteers at the local level and from small contributions from individual citizens.

The **Green Party of the United States** is a federation of state Green Parties that was formed in 2001. It is recognized by the Federal Elections Commission as the official Green Party National Committee. We are partners with the European Federation of Green Parties and the Federation of Green Parties of the Americas.

The **Global Greens** is the international network of Green parties and political movements. Our goal is to promote the Global Green Charter among the Green Parties of the world, kindred groups, and in society at large; and to stimulate and facilitate action on matters of global consequence.
