*Proposal* for CC Censure of Eric Brooks

Background and Purpose: Green activists working within the Green Party of California are prepared to work hard in the struggle for a better world, most with limited resources, time and bandwidth. Therefore we should not create nor accept a working environment that makes people feel alienated, abused, and stressed to the degree that they want to back away and even quit.

The purpose of this "proposal to censure" is to raise awareness and name the behaviors that Eric Brooks has exhibited in working within GPCA committees, the Standing General Assembly, GPCA email lists, and other public arenas in the past few years, and take steps to stop those behaviors as soon as possible.

Problematic Conduct in GPCA

1. **Abusive, threatening, demeaning, hostile communications.** Communications with/on CC, Committees, SGA, Facebook, emails other public forums etc. with GPCA committee members and volunteers, candidates, and members of the public in such a way that recipients feel personally attacked, insulted, patronized, silenced, demeaned, disrespected, and inclined to leave the interactions and/or organization, causing harm to people and also to the credibility of GPCA.

2. **Dominating behavior on the CC,** speaking on almost every agenda item, often multiple times, often engaging in time-consuming one-on-ones, and misuse/overuse of “point of information/clarification.”

3. **Joining the process late** on significant GPCA decisions and demanding major revisions, such as on platform planks. This conduct disregards others’ considered work and contributions, and ignores designated discussion and voting periods.

4. **Submitting late CC agenda items,** often on lengthy complex proposals, non-time sensitive, at times using **URGENT** false flags. These take up excessive agenda approval time, ignoring our process and disrespecting the CC members’ time and energy.

5. ** Routinely submitting CC proposals without engagement with others.** Submitting complex proposals without seeking expert input or engaging other CC members, which routinely fail to arrive at collective agreements.

6. **Failure to take responsibility** for follow through on sponsored proposals, shifting the work to others, or abandoning proposals that require follow up and additional work.

7. **Claiming ownership and authority** on other volunteers’ work and assuming authority to speak on behalf of the CC or the GPCA inappropriately.

8. **Expressing expertise and experience in multiple areas that supersede that of others.**

9. **Disrespecting the ethic of consensus** through statements that are often heard by others as declarative and dismissive in the manner of the following, although it may not be word-for-word:
   "I am right."
   “You don’t understand.”
   “You must...”
   "Anyone who disagrees with this is wrong."
"I know better than the rest of you."
"This is what the prior person was trying to say."
"This is the final word."
"What I want to talk about is urgent and important."
"I have the most experience on ...."

In summary, the sponsors of this proposal have experienced the impact of Eric Brooks' problematic behaviors. We have also heard from other Green activists who have felt bullied, personally attacked, and frustrated by some of these behaviors to the point of backing away and/or resigning. This is unacceptable particularly at a time of great need for our volunteers and activists to feel an increased energy for contributing toward advancing the Green Party and Green values.

Repeated efforts on the part of individuals on email lists, CC calls, group discussions and one-on-one conversations for the past three years have failed to persuade Eric Brooks to course-correct and take steps to repair and strengthen his working relationships within the GPCA.

**Terms of Censure and Implementation:**

1. The Coordinating Committee states that Eric Brooks’ participation on the CC is not aligned with the mission and goals of the CC, and that his problematic behaviors have hindered the work of the CC. Therefore the members of the Coordinating Committee do not recommend re-election of Eric Brooks to the CC.
2. The CC will defer any applications for Standing Committee appointments from Eric Brooks’ pending his volunteering and participation on that committee’s work for a minimum of three months, after which the application may be resubmitted with that committee’s letter of support for his appointment.
3. The CC will strictly limit Eric Brooks' speaking time at any CC meetings to a total of 7.5 minutes or less. This is to enable other members of the CC equal time. (Meetings are 120 minutes, 120 divided by the current # of 16 CC members equals 7.5 minutes per member).
4. The CC will not accept any proposals from Eric Brooks unless he works with at least one other member of the CC as co-sponsors to ensure that format, timelines, implementation and follow through are done appropriately.
5. The CC will consider additional administrative action in case of failure to correct these or the commission of future abuses.

Laura presented the Proposal for CC Censure of Eric Brooks
Followed by Q&A, concerns, affirmations and discussion

Eric said he would stand aside and have his concerns recorded in the minutes. His concerns included that the last time the CC censured someone it was for a serious malfeasance while the actions Eric is accused of are not at the level that could be called unlawful or criminal. Eric stated he also has the concerns that were written in the email he sent to the CC on May 3rd at 2:01pm, quoted below:

```
“Subject: [gpca-cc] Please Read - Re: CC Agenda Item - Eric Brooks Censure

Hi all,

My response to all of this, and what I am willing to commit to in response to this censure motion.
```
Please take time to read this because there is no way that I will be given enough time in the meeting tonight to express all of this. (one page)

First, many of the problems listed below with regard to following better meeting processes look fine, I'm good with agreeing to them. And, they are warranted, not just for me, but for many CC members who similarly and regularly make autonomous proposals less than a week before CC meetings, and/or likewise talk far too long on CC items, and often talk down to others disrespectfully. A lot of other members do these things frequently, and yet they have not been mentioned. Besides my agreeing to terms about meetings themselves, a lot of these problems could also be solved by having good facilitation, vibes watching, and timekeeping (all of which have been sorely lacking - we all need to do much better on this). In my own case the fact that I am often the timekeeper is problematic because as timekeeper (and as a person who talks a *lot*) I can well imagine that I have *not* been doing a good job of reigning myself in on my own speaking time. So I am going to step back from time keeping for the CC altogether. Note also however that other timekeepers have not been setting firm individual speaking times either, and we all need to do far better at that - not just myself.

One issue that I have with these requirements however, is that some of them seek to get me to essentially back down from having firm views, sticking to them, and not backing down on my positions. We need more of this stick-to-it-iveness in the Green Party, not less. So while I will work harder to stick to my guns on things in ways that will not come across as bullying, I don't believe that there is anything wrong with making firm statements like "We absolutely should not do business with Discord because it silenced and kept from organizing together over 200,000 of its members." The Green Party cannot win any gains if it does not have members who have firm principles, stick to those principles, and use a strong voice with conviction to back them up.

Finally, on the issue of how I have and have not treated others in the party. As I've noted before this is very complex and needs to be worked out more collaboratively. I have been watching for the last few years as a very problematic narrative has been built up around me personally that is both fact and fiction mixed together, and some of the fiction is very damaging and has led to me becoming a pariah when it is not warranted.

Nearly all of you who are bringing this forward have had moments with me in which I pushed back (sometimes in a bullying and inappropriate way that was not ok) but in moments when I *first* felt bullied and disrespected by *you*. Conflict takes two people and we need to all acknowledge that. I will commit to doing better in how I react when I feel I am being pushed, but I need you all to give some inner reflection to the fact that things you have done may have been part of the problem.

I also need all of you to lay aside citing accusations of 'conflicts', 'bullying', and 'abuse' that you have *heard* about from others *with no proof backing up those accusations at all* in order to somehow piece together a narrative of how I interact with others. There is, for example, no truth whatsoever in the accusations launched at me by Wanda Jean Lord and Steve Breedlove of 'bullying' and 'abuse'. It did not happen - just as we learned that there was no truth to the accusation that Stephen Zollman somehow left the Green Party because of anything I did.
This convolution of false stories mixed in with valid ones has led to me being perceived as some larger than life menace, far worse than how I actually behave in real life. So please rely only on facts that you can see right in front of you, rather than hearsay from others.

I have to strongly express, as a victim myself of serious childhood abuse by my stepfather, after which I spent *years* in therapy working out my problems from that abuse to become a good person, that being labeled as an ‘abuser’ by some of you has been both deeply unfair, deeply wrong, and deeply painful.

On that note I will conclude by repeating that the CC is dysfunctional, not just because of my own poor communication and crossing the line sometimes, but also because others of you *often* do the same, and you are likely not even aware of it. And we are never going to get to full resolution of all this by laying the blame solely on one person. Instead, we need to work with a mediator who can guide us through a safe process in a safe space, in which we can all express ourselves and strive to work better *together*.

in solidarity
Eric Brooks”

Karen stated she would stand aside.
With 2 standing aside, the proposal was Approved by Consensus

1. Roll Call & Facilitators
Clearinghouse: Nassim Nouri (Santa Clara), Mica Daniel (Alameda) (CH Co-coordinators and call TIMEKEEPERS)
2. Zoom or Conference Calls?
Decided to stay with conference calls for now. If someone would like to present something on-screen and tells us in advance, we can switch to zoom. We could use Santa Clara County’s zoom account.

3. GROW sponsoring EcoSocialism platform amendment
Talked about whether it should start with what we reject, or start with what we want; about the length of the text on the landing page; and about community economics. GROW decided to be one of the sponsors to place this amendment on the agenda of the June 19-20, 2021 General Assembly.

4. Greens want you back! Regarding people who were registered Green before but not now, Rick sent out 5,000 emails with an open rate of 40% and a click rate of about 1-2%, and he received some email replies. He has 15,000 to go, and is coordinating with Alameda County on its project to reach out to local Greens.

5. Clearinghouse project - Improved Medicare for All - AB 1400. Got a media release drafted, with graphics, emailed it to 114 media contacts with a 26% open rate; and to 8,500 Greens with about 17% open rate.

6. Clearinghouse project of thank you notes for donations.
Mica and Barry are working on it, with Barry having received a nice one from Mica.

8. Adjourned at 8:45 pm

6. Discussion: regarding what Finance can do regarding Fundraising until we get that Committee functional. We are already short of members on the Finance committee but Frank Lambert will draft a fundraising letter for approval. Our intent is not to take over the Fundraising but try to provide a platform for the next Fundraiser Coordinator.

8. The next Finance Committee Meeting will be on Thursday, May 27, at 6:30 pm.

The CC may make on-line decisions about proposals via the process described in this Article. The same standards for quorum and approval threshold apply as with other CC decision. Use of on-line decision- making is restricted to:

4-1.2 When there is a need for the CC to make certain time-sensitive decisions to meet legal, project, and/or party deadlines, and that decision cannot wait until the next regularly scheduled CC meeting;

4-1.3 When a proposal has been scheduled as part of the CC’s annual Strategic Plan and Calendar schedule, there shall be one week discussion, beginning on a Monday and

4-3 Voting and Discussion
The two- or seven-day online period serves as both discussion and voting period. During this time members shall: ask clarifying questions, express concerns and affirmations, hear responses from the sponsors, and vote. During this period amendments may also be offered and considered or the sponsors may choose to withdraw the proposal.

4-4 Vote Reporting
At the conclusion of the voting period, the proposer will tally the online votes and post the results to the CC email list listing who votes yes, no, or abstained on the proposal. The Agenda preparer for the next CC meeting will include all the online proposal details and the results conducted in the last month in the agenda for the next CC meeting.

If there is only one candidate for Liaison, the CC shall first test for consensus. If consensus is reached, the candidate shall be considered appointed, if not, the Liaison is appointed by a simple majority a vote. The Liaison position shall be considered vacant upon the Liaison’s term or their CC term ending. There are no term limits on the Liaison position.

Article VI. Appointments to Standing Committees
GPCA Bylaws outline the CC role in Committee and Working Group Appointments (Section 8 and 9). Further details include:
6-1 Criteria for appointment - When considering appointments to standing committees the CC shall consider: candidate’s biography and statement, candidate’s working knowledge of GPCA bylaws and procedures, candidate’s skill set relevant to the Committee’s mandate, compliance with the committee’s internal procedures (if any), input and nominations by the CC and standing committee Coordinators, liaison and membership.

6-2 Appointment - If there are as many or fewer candidates than open Committee seats, the CC shall first test for consensus on the full list of candidates. If consensus exists, then all candidates shall be appointed. If there are more candidates than open seats or if there is not consensus, each candidate shall be considered individually. If consensus is not reached on any individual candidate, there shall be a call for a vote to be conducted with a 2/3 threshold.

APPENDIX G - Monthly Committee/Working Group Report to the GPCA Coordinating Committee

From: The GPCA Statewide Candidates SubCommittee
To: The GPCA Coordinating Committee
Date: May 2, 2021
Submitted By: Greg Jan
Date of the last Committee/Working Group Meeting:
Saturday, April 22 (Earth Day!), 7 pm
Present: Committee members Steve Breedlove (Butte), Greg Jan, facilitator (Alameda), Jared Laiti (Sacramento), Jake Tonkel (Santa Clara);

Date of the next Committee/Working Group Meeting: Thursday, May 6, 7 pm
Any significant actions the Committee/Working Group is taking:

1. We have now met twice with the Peace and Freedom Party and have worked out most of the logistics regarding how we can "split the statewide races" next year (so we won't "take votes from each other"). Both parties will need to identify their candidates early enough this year in order for this idea to become a reality. P&F has currently identified US Senate and Insurance Commissioner candidates, and we have identified a State Controller candidate. (All 3 of these candidates have run for these offices before with their respective parties). At our next meeting late this month we will try to agree on a name for our "joint slate" -- right now "Left Unity slate" is the leading contender, but that's certainly not definite.

2. (2) To help increase the likelihood that Green candidate(s) in at least one of the statewide races will be able to get 2% or more of the vote (the minimum needed to maintain our ballot status), we have now contacted five Californians with relatively high name-recognition (Erin Brockovich, Angela Davis, Danny Glover, Dave Anthony, and Matt Gonzalez) to consider running for Governor, on our slate. None has yet replied back, except for Anthony, who was flattered, and declined, but he said he'd try to think of other people who might possibly run. (Our reply back to Anthony mentioned that we were also looking for candidates for other statewide races). At this point (regarding Governor), we'll probably move on to contacting activists, such as Pennie Opal Plant

3. (3) The IT committee sent out our email message to individual Greens a few weeks ago, asking for suggestions of statewide candidates, and also inviting people to volunteer and donate for the statewide candidate campaigns. A few Greens replied back that they're interested in volunteering (most likely when the campaign begins), and we received one candidate suggestion which we're following up on.

Continued work by the Committee/Working Group will include:

1. We're continuing to go through lists of previous Green candidates and activists to identify good statewide candidate prospects
2. We will also be working on a "Needs Assessment", which will list various "needs" for the GPCA to undertake in order to have the best campaign possible for our statewide candidates. However, our top priority right now is to identify some more good candidates.
3. We are now meeting every other week, on Thursday evenings
